

HYUNDAI ENERGY SOLUTIONS

LETTER OF WARRANTY GUARANTEE AUSTRALIA.

Hyundai Energy Solutions manufacture the Hyundai solar panels modules sold by our sole distribution partner in Australia Supply Partners.

Supply Partners import the Hyundai modules and hold stock nationally to support the growing Hyundai Dealer Network.

Hyundai have sold our solar panel product in the Australian market since 2009 and have honoured our responsibility as manufacturer and warrantor for our solar products since 2009.

Hyundai Energy Solutions as the manufacturer are the responsible party for warranty as we have been since 2009 in the Australian market.

We are proud of our long association with the Australian market, recommitting in 2018 to new sales contract to supply the Australian market with our premium panel product. In 2019 we introduce to the Australian market a 25 year product warranty for our 300 watt RG series module. This is true leadership by Hyundai and truly shows Hyundai listens to what our Australian customer base desire.

10 years and counting! Hyundai Energy Solutions appreciate the support of the Australian consumer and we are proud to be Hyundai “built tough, the known brand Australians can trust”.
